

11eleven Summer Spirit Festival
The hangars of the soviets trembles again!
28.- 30.08.2009
former military airfield
14973 Niedergörsdorf (near Jüterbog)
Germany

5 hangars + 2 open air stages + 1 beach
presented by Radio Fritz and the Köstritzer Schwarzbierbrauerei

Already for the 11th time the holy hangars of the former military airfield of the Soviets are revived this year! With topacts like Dave Clarke, Luke Slater, Radio Slave, Funk D'Void, Italoboyz und DJ T the venerable airfield area awakes in Niedergörsdorf for three days from the sleep and commuted into Mecca of the technofans. From the 28th to the 30th of August there is only one aim for every true lover of the electronic music: 11eleven Summer Spirit Festival.

Transformation is the headword on the last August week-end:
The fallow socialist surfaces change to bass-flowed dance floors of full lights, melodies and partypeople! The combination of authentically Russian charm and the most modern light technology and audio engineering makes this festival so unique. Already with the entrance of the area the Soviet symbol reminds in the gate of the historically significant origins of the airfield. However, since more than one decade the Brandenburg-Allstars extrapolate the history of the area: Year after year the Summer Spirit festival develops and is also valid after the borders of the former Soviet zone as a guarantor for the pearls of the electric scene!

On the decks of the 5 hangars, 2 open air stages and at the beach one topact meets the next. Finest House-, Electronic and Technosounds for every taste are guaranteed with more than 140 DJs! Freely after the motto reminding of former times „the same chances for everybody“ put the doers of the Summer Spirit Festival not on Mainstream Headliner, but create a unique mix from the best artists of the region and more known stage dimensions. The hottest currently clubs and labels complete the LINE UP with own Showcases and give a fresh impetus. Furthermore in on it are the Tresor, Kne'Deep, Get Physical, 404/2, Sommersafari and of course the Brandenburg-Allstars.

For relaxation, action and entertainment after the through-danced nights is also provided with the daily schedule: Sporty visitors can let off steam with the yearly Line Up Cup and in the city fight volleyball tournament. For engine freaks and adventuresome offers the Kart course the necessary adrenalin kick. However, you can also swim, relax or chill in the open air bath of Jüterbog. Anymore, the beach beside the camp is exactly the right address for those who need no time-out.

For everybody whose heart hits for electronic music is valid: Quick maps protect for 11eleven Summer Spirit festival from the 28th to the 30th of August, 2009.

We are available for further information as well as press material with pleasure!
